Subject: CAC Meeting Friday

Good Morning Mr. Gray and Mr. Coleman,

Allow me to introduce myself. I am an attorney with Lone Star Legal Aid and am representing several clients in the Highlands and McNair communities of Texas, very near the San Jacinto River Waste Pits site. My clients would all like to see the contamination at the site completely removed and are eager to continue to inform themselves about the CERCLA process, relevant scientific and engineering data

9809458

related to the site and of course, share their concerns.

As I understand it there is a last minute CAC meeting scheduled for this Friday, May 13th, in preparation for the May 25th open house that will be hosted by the EPA and other agencies. Although I am not a member of the CAC I would like to request to attend the meeting so that I can best represent my client's interest as they intend to engage the public participation process of the ongoing CERCLA project at the San Jacinto River Waste Pits to the greatest of their abilities.

Sincerely,

Rodrigo Cantú
Staff Attorney,
